Now is the time to lay again the foundation of God’s word in our homes. With firm reliance upon the Holy Spirit of God, the Bible Family Conference will equip you and your family to:

- **Teach the Bible**, that the generation to come might know the works of the Lord
- **Integrate the Bible** into every single school subject for your children
- **Sing the Bible**, making melody in your heart to the Lord
- **Memorize the Bible**, from young to old
- **Believe the Bible**, no matter the cost

# Have Your Children Been with Jesus?

by Kevin Swanson

Jesus said, “A disciple is not above his teacher, but everyone when he is fully trained will be like his teacher” (Luke 6:40 ESV). What will your children be like when they are fully trained? Will they be like Aristotle or John Dewey and his disciples? Or will they be like Jesus and His disciples? These are important questions to ask in an age of full-blown apostasy, where we see a tremendous revival in secular education even among homeschoolers and Christian schools.

Our Lord disciplined twelve men, and when they were fully trained, the Jews in Jerusalem “perceived that they were uneducated, common men. . . And they recognized that they had been with Jesus.” If we are to raise our children in the nurture and the admonition of the Lord Jesus Christ (Eph. 6:4), what does that look like?

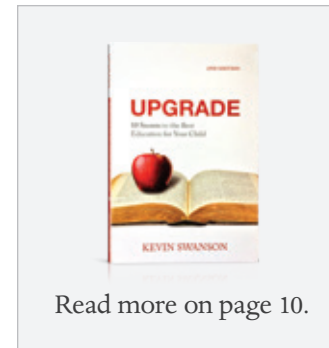

1. Jesus did not teach His lessons in a classroom, but in the context of real life. He did not use a whiteboard when He was with His disciples on the stormy seas. Too clumsy, of course, to lecture in boats. But He walked along with the disciples. He talked about and experienced relationships, controversies with the Jews, miracles, spiritual demonic forces, winds and waves, and all the rest. We call this the principle of life-integration. We do not want to teach our children a bare knowledge that

puffs up, but rather a love that edifies. We want to teach them to be “doers” of the Word and not hearers only. Of course, then we must be good examples of this as we walk beside them in this discipleship.

2. Jesus taught His disciples faith. While His disciples were rowing hard, He was praying in the mountains. Then He walked across the waters and taught them to “remember the loaves.” God provides. He taught them to walk on water. He taught them not to be afraid of the winds and the waves. As you teach your children Rowing 101 or Algebra 201, are you teaching your children faith? Or do you teach them anxiety and how to stress out? Do you teach them to pray and to believe, in the math lessons? This is the essence of discipleship. It is not so much about the Algebra, as it is about faith.
3. Jesus taught His disciples humility and servanthood. He did not emphasize competition, public notoriety, and pride, which so characterize so much of sports and

power of God instead of on human wisdom (1 Cor. 2:3-4). The Apostle Peter recommends preparation in rhetoric so that we can give “an answer to those who ask a reason for the hope that is in you,” but he says, do it in “meekness and fear” (1 Pet. 3:15). This is radically different than the method that Aristotle recommends in his famous “Rhetoric” and “Ethics” books.

4. Jesus taught His disciples about the Word of God. Your children’s curriculum should be the Bible, first and foremost. Their study of history should begin in the Book of Genesis. They should know every verse of the Book of Proverbs (and the present-day applications for

academics today. “Not many wise according to the flesh, not many mighty, not many noble are called.” After Jesus humbled the Apostle Paul on the Damascus road, Paul says he did his ministry in weakness, in fear, and in much trembling; relying on the

the wisdom contained there). Their poetry should be the Book of Psalms. Their ethics, sociology, and social sciences should be the Law of God found in Genesis through Revelation. Their character and life should be defined by Jesus’s beatitudes. “Blessed are the poor in spirit. Blessed are the meek. Blessed are they that hunger and thirst after righteousness. . .”

As the world’s educational systems are badly broken down, let us go back to Jesus, and ask the simple question: how would He do it? The world has little for us to copy. Let us be sure that our children have been with Jesus.

These are the essential components we encourage Christian families to bring into the education of their children. You will find more on these principles contained in *Upgrade: 10 Secrets to the Best Education for Your Child* and *Family Life*.

# Is Jesus Christ Really the Lord of History?

by Kevin Swanson

**D**o you believe in Jesus Christ? Do you believe that He is the Lord of lords, and the King of kings? I know there are Christians who believe this. However, I have spent the last several years reading the history books that Christian families give their children in public schools, private schools, and home schools. I do not find mention of Jesus Christ as Lord of history. It is rare to find tribute to the Lord Jesus Christ, as the most influential and the most important man in history.

Is this a major oversight? Why do writers forget to mention Christ?

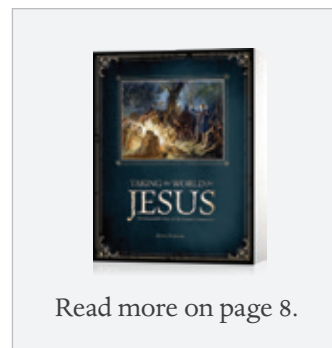

Perhaps it is because some do not realize that Jesus Christ is a man, who came in the flesh. He was born of the virgin Mary, during the reign of Augustus Caesar. This is the testimony of the Apostle John: "By this you know the Spirit of God: Every spirit that confesses that Jesus Christ is come in the flesh is of God: And every spirit that confesses not that Jesus Christ is come in the flesh is not of God: and this is that spirit of antichrist, of which you have heard that it should come; and even now already is it in the world." (1 John 4:23) These are pretty severe words. It is essential that we realize the humanness of Jesus Christ, and His importance in human history. He really did come in the flesh, and He really did make an impact on our world. To fail to realize his relevance and His kingdom, and to focus more upon Philip II, Napoleon, Abraham Lincoln, and Josef Stalin than upon Christ in history is a fatal mistake. It betrays a dishonor for the Lord Jesus Christ in the study of history.

Where is the Roman Empire that persecuted Jesus's people? Gone. Where is the Spanish Empire that persecuted Jesus's people during the inquisitions in the Netherlands and Spain? Gone. Where is the French Empire that persecuted Jesus's people, the Huguenots, during the Reformation? Gone. Where is Hitler and the Third Reich? Gone. Where is the Soviet Union? Gone. Where is Jesus's Kingdom? Everywhere!

Another reason why people ignore Christ in their study of history is that they do not see how His kingdom is of any real importance "on earth as it is in heaven." They do not look upon the missionary work as important to changing lives, families, and culture. They are also more enamored by the works of men, than they are with what God is doing. They are too taken up by politics. However, politics doesn't really change anything. Politics cannot really improve anything. The best civil governments can do is go to war or punish a murderer here and there (Gen. 9:6, Rom. 13:4).

It is the Gospel of Christ and the work of missionaries around the world that have made the biggest impact on communities, economies, social systems, morals, science, and medicine. The problem with man is the human heart, and the sinfulness that resides there. Only the preaching and teaching of the Word of God will ever bring about substantial change to this world. It was not the big governments that brought about great and wonderful things. It was the Lord that did it, by His Spirit and by the work of His people through the ages. This is the amazing story we tell in our new release, *Taking the World for Jesus*.

As Christian parents, we want our children to see the Lord Jesus as a real Person. We want them to see His importance, His relevance, His accomplishments, His Redemptive work, and His Lordship more and more. We love the Lord Jesus, and we want to render Him more honor than ever in their history classes. Tell His story to your children with our new world history book: *Taking the World for Jesus*.

## Root Your Family in Church History

### 📖 Essential Writings on Church History AD 30 to the Present

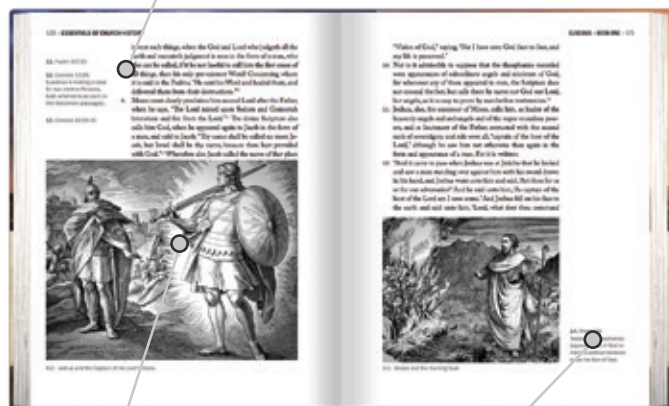

The kingdoms of men have their histories and so do Christians. While the stories of the kingdoms of men fade with their empires, these are the stories that have never faded because the Church of Jesus Christ continues to flourish in every corner of this world today. And, the gates of hell cannot prevail against it. These essential writings on church history give first hand accounts of the development of the Christian church in the Western world. This account is the true heritage of every Christian in the world and should be treasured as such.

To ignore church history in favor of other histories would be akin to despising our Christian heritage. Thus, this anthology includes the essential, must-read classics for every Christian student. The course begins with the writings of the Apostolic Fathers, some of whom had contact with the Apostles themselves. Also included in the study is Eusebius' monumental work on the history of the Christian church from AD 30 to AD 325 (Books 1-8). Following this comes Venerable Bede's *Ecclesiastical History of the English People* and Phillip Schaff's classic material on the pre-reformation and reformation periods of the Western church.

The course materials will also provide the student with historical surveys that tie together key church historical events, personalities, revivals, and developments.

## Our Core Resource for Passing on the Faith to Your Children

In your home education program, have you remembered to include the core curriculum? If our children know their algebra and grammar better than they know the books of Psalms, Proverbs, Genesis, or Matthew, we have given our children a sub-standard education. The teaching of God's Word in family worship is a critical time when parents fulfill their Deuteronomy 6:7 and Ephesians 6:4 responsibilities to teach and disciple their families. The Family Bible Study Guides were written by Kevin Swanson for his own family worship, and then published to encourage and equip others in this discipleship task.

“ People troubled with the state of the church sometimes look for new solutions. But this book wisely remembers the fact that Jesus did not honor originality when it came to doctrine. Instead, He said, ‘My doctrine is not Mine, but His who sent Me’ ( John 7:16). I wish more authors would mine the incredible wisdom of the church fathers like Kevin Swanson has. God calls us to ‘ask for the old paths, where the good way is, and walk in it; then you will find rest for your souls’ (Jer. 6:16). These books apply the tried-and-true answers of the past to the same sin-problems that plague us in the present.”

## Action-Packed Stories of Faith

### Great Christian Stories

Essential Literature for Christian Students

Great Christian Stories takes students on a journey through three classic works of literature written from a Christian perspective, including a classic novel, a classic allegory, and a classic modern biography. Daniel Defoe's classic novel *Robinson Crusoe* is a highly influential work of Christian literature. It is considered by many to be the first example of the realistic novel in English. This great story is filled a series of dramatic, moving episodes that will both entertain and instruct the student. John Bunyan's allegory *The Holy War* tells the story of the salvation of the Town of Mansoul, through allegory. Corrie Ten Boom's biographical account *The Hiding Place* has become a modern classic. In this book, Corrie recounts the stories of how her family sacrificed a great deal to save Jews from the malevolent schemes of the Third Reich.

“I was now come to the unhappy anniversary of my landing. I cast up the notches on my post, and found I had been on shore three hundred and sixty five days. I kept this day as a solemn fast, setting it apart to religious exercise, prostrating myself on the ground with the most serious humiliation, confessing my sins to God, acknowledging his righteous judgments upon me, and praying to him to have mercy on me, through Jesus Christ.”

## Teach Your Children the Christian Classics... Before the Pagan Classics

There is a wealth of great literature to study in the history of man, some written by Christians and some by non-Christians. While it is important to survey the writings produced in both the city of man and the city of God, the Christian student should direct special attention to literature produced in the city of God. The empires of man will always crumble and fall, but the kingdom of Jesus Christ will continue forever. A thorough study of these great books will help the student understand the life, theology, and worldview of some of the greatest Christian men in church history.

A refreshing improvement of most philosophy and literature courses, this course is filled with relevant biblical references and truths that address the false worldviews of the “great” secular humanist works.

## Womanly Dominion

More than a Gentle and Quiet Spirit

by Mark Chanski

Christian woman take dominion! Play your position! is a call we may hear a coach yell at a game. The meaning is: Do what you have been assigned to do, and do it well! Many Christian women have been told over the years that they must quietly stay under their parasols while their men go out and conquer the world. Is this what the Bible really teaches? Author and pastor, Mark Chanski, insists that the Bible teaches a woman to take dominion of her God-assigned role as wife, mother and church helper. This is not in a feminist way, but in a God-glorifying way that speaks volumes of who she is and why God created her. Women should not think of themselves as victims, says the author, but as victors who conquer the realm that their Lord and Master, Jesus Christ has given them. ## A Book-by-Book Bible Guide for the Family

## Journey Through the Bible

by Scott Brown

“*Journey Through the Bible* came about from our family worship times as we read the Bible together as a family. As our children were growing up, our family made it our practice to read the Bible from cover to cover. We did this for many years. Some of our children learned to read by reading progressively more words as we read the Bible together. As each year passed, I kept adding to a document which contained introductory information about each book. I used this document to give my family background information

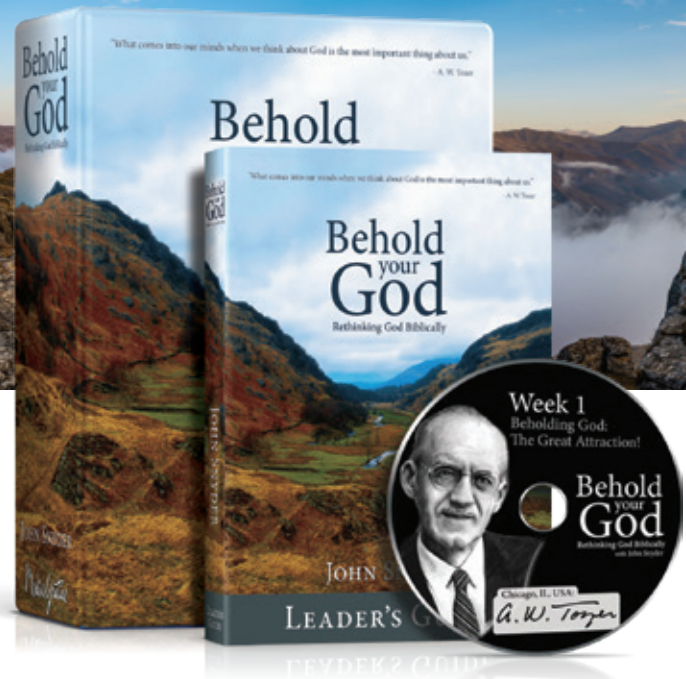

for each book and to record the things I felt were important about it. By the time our children were adults, I had over 400 pages of notes. These notes documented the following kinds of information:

- The historical context of each book of the Bible.
- The questions I asked them.
- An explanation of the meaning of each book.
- A list of the important matters of each book.
- A list of key memory verses.
- A basic outline of each book.

This book is a compilation of these notes as well as notes I collected as I studied these books on my own and as I preached through them over the years.” —Scott Brown

J.C. Ryle

This is perhaps J.C. Ryle's best-known and, arguably, best-loved book. Although many things have changed since 1877, when this book was first published, one thing remains the same: ‘real practical holiness does not receive the attention it deserves.’

It was in order to remedy this attention deficit, and to counter false teaching on this most important subject, that Ryle took up his pen. *Holiness*, as with all of Ryle's works, is clear and concise, penetrating and practical. Hardback. 480 pgs. ~~\$29.00~~ **\$24.95**
